Effect of Foreign TV Programmes

†2523. SHRI GOPALSINGH G. SOLANKI : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether Government have conducted any study to assess the ill effects of the programmes being telecast in India by foreign TV. ;

(b) if so, the outcome thereof; and

(c) if not, the reasons therefor ?

THE MINISTER OF STATE OF THE MINISTRY OF INFORMATION AND BROADCASTING AND MINISTER OF STATE OF DEPARTMENT OF DISINVESTMENT (SHRI ARUN JAITLEY); (a) to (c) Government is not aware of any study which has concluded that foreign TV channels per se cause ill effects. On the contrary informative, social issue based programmes and healthy entertainment programmes have good effect on viewers while violence and sex dominated programmes are likely to have ill effects on viewers particularly of impressionable age group. Many academic and research organizations take up research studies from time to time and Govenunent refers to findings of such studies as and when needed.
